

THE GAP NARROWS—Work on the bridge across the Ohio river at Shawneetown continues at a good pace and less than 300 feet separates the steel work progressing from each side of the river. When the above photos were made Thursday, workmen at the bridge stated the gap between the ends of the steel had narrowed to 290 feet. Other phases of the work, including the paving of the approaches and pouring the concrete bridge floor also is progressing satisfactorily, according to reports. Work on the bridge floor and a part of the materials and equipment being used in the huge construction project are shown in the lower picture.

Stevenson Demands Return of 90 Per Cent of Farm Parity

WASHINGTON (AP) — Two almost-certain candidates for the 1956 Democratic presidential nomination wooed the critical farm vote today.

Adlai Stevenson demanded a return to 90 per cent of parity, the former level of price supports under Democratic administrations, to help solve falling farm prices.

He told a conference of Midwest Democrats at Des Moines, Iowa, Friday night that 90 per cent of parity "is all the more necessary at the present time when farmers' income is falling and we are moving further away from the goal of equality."

Gov't Orders Prevailing Wage In Coal Mines

WASHINGTON (AP) — Labor Secretary James P. Mitchell has ordered soft coal producers selling to the government to pay wages equal to the prevailing rates of their industry, thus bringing the industry for the first time into the minimum wage system for government contractors.

The soft coal industry previously had been exempted from this requirement.

Mitchell is authorized by law to require firms with government contracts of more than \$10,000 to pay wages equal to the prevailing rates of their industry.

The wage rates he fixed Friday for the soft coal producers conformed almost exactly to the scale requested by John L. Lewis' United Mine Workers Union.

The new wage minimums range from \$1.40 an hour in Iowa to \$2.34 in Montana. They will guarantee affected workers at least \$2.24 an hour in the Appalachian area where 80 per cent of the nation's soft coal is produced.

Except for Iowa, the new federal minimums are the same as UMW minimums existing before Lewis recently negotiated a \$2-a-day increase for UMW workers with the soft coal industry.

UMW officials said they do not know whether the union will ask Mitchell to raise the federal minimums to reflect the \$2 increase.

Mitchell's order is subject to appeal to the U. S. Court of Appeals.

Hunt Construction Co. Awarded Contract for New Carmi High School

The Hunt Construction Co. of Mt. Vernon, which built the new Harrisburg Junior high school building, has been awarded the contract to construct the new high school building at Carmi.

Partners in the Hunt Construction Co. are two former Harrisburg residents, Max and Kendall Hunt, whose mother, Mrs. Jesse Hunt, continues to reside here.

The Carmi high school structure was destroyed by fire shortly after the old building at the Harrisburg Junior high school burned New Year's morning.

New York Gov. Averell Harriman, an expected rival to Stevenson for the nomination, will present his views on farm issues to the Des Moines conference tonight.

Democrats plan to make falling farm prices a major issue in 1956, putting most of the blame on the Administration's flexible price support program.

Price Supports Not Enough
In his Des Moines statement Stevenson also emphasized that price supports "do not by themselves constitute a complete farm program" and that Democrats must also "face the realities of surpluses and unbalanced production."

Another possible contender for the Democratic nomination, Sen. Estes Kefauver of Tennessee, cautioned Democrats last night to guard against over-optimism if President Eisenhower decides not to seek reelection next year. Kefauver, speaking in Erie, Pa., warned that Democrats face a bitter election battle with "desperate" Republicans.

In Stonewall, Tex., two top-ranking Democrats — Senate Majority Leader Lyndon B. Johnson of Texas, and Missouri Sen. Stuart Symington — met in a "pure social visit" that couldn't help but include talk about politics and the maneuvering for presidential nominations.

In the Republican camp the name of Vice President Richard M. Nixon figured prominently.

Would Support Nixon
In New York, California Republican Gov. Goodwin J. Knight said he would support Nixon as the GOP's presidential candidate if the Republican convention nominates him. Knight's forces and those of Nixon have feuded bitterly in California.

Nixon was also discussed by Sen. Walter F. George (D-Ga.) in a copy-righted interview published by the Atlanta Constitution. The newspaper quoted George as saying Mr. Eisenhower would be "badly defeated" if he ran for reelection with Nixon again as his running mate.

Opposes Payment Of Chaplain Pay

WASHINGTON (AP) — A Minneapolis man today sought through a court suit to prevent the payment of salaries to government chaplains. He claimed such payments are contrary to freedom of religion.

The suit, filed by Frank C. Hughes, asked the court for an injunction against Ivy Baker Priest, as treasurer of the United States.

He said the paying of chaplain salaries violates a Supreme Court ruling which held that "no tax in any amount, large or small, can be levied to support any religious activities or institutions whatever they may be called."

George Hart Post To Sponsor Annual Halloween Celebration

The George Hart post of The American Legion this year, as in the past, will sponsor the annual Halloween celebration to be held on the court house square Monday night, Oct. 31.

James Arthur Moore, who with Tommy Payne is the chairman of the event, said that the committee will start Tuesday soliciting prizes and cash for the celebration.

There will be prizes for the best costumes and Wayne Martin and his band will entertain.

The entertainment will start around 6 p. m. with the streets being roped off at 5:45 p. m.

Local Army Reserve Officers Are Promoted

The following reserve officers of the 347th Replacement Battalion, Harrisburg, have been promoted in the U. S. Army Reserve:

James (Lonnie) Lamkin, captain to major;

Carl P. Woolcott, 1st lieutenant to captain;

James Quick Jr., 1st lieutenant to captain.

These officers were presented their certificate of promotion by Col. Harold R. James, C. O. of the 347th Replacement Battalion, Wednesday at the Armory, 20 South Vine street.

In announcing the promotions, Col. James further stated that a concentrated drive is now in progress to increase the enlisted strength of the 347th Battalion and to give all citizens a better understanding of the Reserve Forces Act of 1955, which gives a definite responsibility to all physically qualified men 17 to 26 years of age.

The law provides several ways in which this responsibility may be fulfilled. For instance, boys between the ages of 17 and 18½ years of age may meet their obligation by volunteering for six months of active duty after finishing school, and 7½ years in an active reserve unit; or they may be drafted for two years' active duty and four years in the reserve.

Persons under 26 years of age, with prior military training and particularly boys between the ages of 17 and 18½ years, are encouraged to bring their fathers and visit the 347th Replacement Battalion, which meets at 7:30 p. m. at the Armory, 20 South Vine street, the first four Wednesdays of the month and get full particulars of the Reserve Forces Act and how it affects them.

Settle Damage Suits For \$1,023,000 After Factory Fire

CHICAGO (AP) — Thirty-seven personal injury damage suits totaling \$1,023,000 resulting from a 1953 factory fire have been settled en masse without trials.

Called the largest such settlement in Superior Court history, the suits grew out of an explosion and fire that killed 34 persons and injured 36 others in the Haber Corp. plant on Chicago's Northwest Side.

DULLES ARRIVES IN EUROPE

City Buys New Fire Truck

Will Replace Older of Two Now in Use

Total Cost is \$11,235; Old Truck Sold for \$2,000

The city of Harrisburg yesterday purchased a new fire truck to replace the older of the two on hand, a 1938 model machine on a Diamond T. chassis.

The new apparatus is expected around the first of the year, it was learned.

Purchased was apparatus from the Towers Fire Apparatus Co. of Freeburg, Ill., which will be mounted on a GMC chassis. The chassis is being bought from the J. F. Harper Motor Co. of Harrisburg.

Charles Betzner, representative of the Towers Co. who has been negotiating with the Harrisburg city commissioners, said delivery would be made in about 60 days after receipt of the GMC chassis at Freeburg.

The new apparatus will have a 500-gallon per minute pumper, a 500-gallon capacity booster tank, an auxiliary pump, aluminum ladders, chrome handrails, two electric rewind booster reels and will be a streamlined job, white in color.

The total cost, including all accessories, is \$11,235.11. The Diamond T truck is being sold to Brookport for \$2,000 and this amount will be applied on the purchase price. This truck will remain here until delivery of the new one.

To be retained is the city fire truck mounted on a 1942 Ford chassis.

H. W. Edwards, 82, Retired Miner of Near Eldorado, Dies

Henry W. Edwards, retired coal miner whose home was on the Broughton road north of Eldorado, died at 11 p. m. yesterday at the White county nursing home in Carmi at the age of 82.

He leaves three sons, Jesse Edwards, Carmi, Roscoe of Knoxville, Tenn., and Doug of Seattle, Wash.; also four grandchildren and four great-grandchildren.

Mrs. Edwards died in May of this year and since her death Mr. Edwards had lived with his son in Carmi. He entered the nursing home the latter part of August. Death was due to heart asthma from which he had suffered for many years.

The funeral will be Monday at 2 p. m. at the Presbyterian church in Eldorado. Rev. Austin Heuer will officiate and burial will be in Wolf Creek cemetery. The body lies in state at the Martin funeral home.

State Geological Survey Reports Offer Little Hope for Area Uranium

By Don E. Chamberlain

SPRINGFIELD, Ill. (Special)—There may be uranium in those southern Illinois hills but the State Geological Survey, state authority on minerals, doesn't offer any hope. In two reports just off the press, the Survey, headed by John C. Frye, Urbana, takes a non-committal scientific attitude on the question as to whether there is marketable uranium anywhere in Illinois.

One report discloses that samplings of gray and black shale were taken in 44 counties but that they failed to reveal presence of equivalent uranium in marketable quantities. Counties in the survey included Bond, Bureau, Calhoun, Clinton, Gallatin, Greene, Grundy, Hardin, Henry, Jersey, Jo Daviess, Macoupin, Montgomery, Pike, Rock Island, St. Clair, Saline, Schuyler, White and Williamson.

Examinations of 175 samples showed the highest per centage of uranium was .017, found in Gallatin county. .016 in Saline and .014 in Hardin and Sangamon counties, all found in stream cuts.

The uranium oxide of 15 shale samples having the highest per centage ranged from .001 per cent to .017. The tests were taken in nearly every section of the state in areas where presence of uranium has been suspected, wherever reasonably unweathered material could be found, such as in strip mines and in road and stream cuts.

One report described as a "preliminary report on uranium in Hardin county" in the far southern part of Illinois, was pessimistic. It

Seal Saar Frontiers for Referendum On Proposal to 'Europeanize' Area

SAARBRUECKEN (AP) — The tense and explosive Saar territory mobilized its entire police force on an emergency footing today and began sealing its frontiers for Sunday's crucial referendum to decide the future of the coal and steel rich basin.

Saarlanders are to vote on a statute drawn up by France and West Germany which would "Europeanize" the Saar until an all-German peace treaty is signed.

Predictions were that a majority would vote "no." Such a rejection, it was feared, would cause a new flareup in French-German relations.

On the eve of the elections, Saar authorities with the approval of the Neutral supervisory commission, imposed a number of "precautionary" measures to guarantee against any possible disorders.

The main action is sealing of the frontiers of the 900-square-mile territory for 42 hours.

The Saar's tough French-trained 2,300-man police was fully mobilized with all leaves cancelled until next week. The sale of alcoholic beverages was barred from midnight tonight until 7 a. m. Monday.

Fernand Dehousse, Belgian head of the five nation neutral commission that will supervise the voting, told newsmen that the border-sealing measure was a "necessary but not alarming" precaution.

He appealed to Saarlanders and residents of the neighboring countries to maintain calm during the voting. He warned that the ministers council of the Western European Union, which will meet in November to decide whether the referendum was held properly, would be guided to a large extent by the attitude of the Saar population during the campaign's closing stages.

United Nations, N. Y. (AP)—The Soviet Union appeared today to be applying pre-Geneva conference pressure on the West by calling for a long drawn out disarmament debate in the United Nations while making plans to blame the West if it fails.

The most logical interpretation observers could put on Friday's daylong performance by Soviet Delegate Arkady A. Sobolev in the UN disarmament Commission was that it was a "pre-Geneva" maneuver designed to build up pressure on the Western Powers.

Sobolev insisted that the 12-nation commission should immediately prepare a report on the record of the secret meetings of its subcommittee of the five major atomic powers. The record, 2,440 pages long, was published for the first time only three hours before the commission met.

The Russian, at wide variance with Western views, said he saw no reason why the United Nations should not debate disarmament at the same time as the Big Four foreign ministers are debating it at their Geneva meeting. The consensus was that the general assembly could profit from the Big Four's views.

Sobolev said that there "is a definite possibility of agreement on the basic questions of disarmament" and charged that Harold E. Stassen, President Eisenhower's principal aide on disarmament.

Bolog Rites Sunday 1:30 p. m.

Funeral services for John Bolog, retired Muddy coal miner who died Thursday afternoon at the Harrisburg hospital, will be Sunday at 1:30 p. m. at the Greek Catholic church in Muddy. Rev. A. Popoff will officiate and burial will be in the Royalton cemetery at Royalton.

The body lies in state at the Turner funeral home.

State Geological Survey Reports Offer Little Hope for Area Uranium

By Don E. Chamberlain

SPRINGFIELD, Ill. (Special)—There may be uranium in those southern Illinois hills but the State Geological Survey, state authority on minerals, doesn't offer any hope. In two reports just off the press, the Survey, headed by John C. Frye, Urbana, takes a non-committal scientific attitude on the question as to whether there is marketable uranium anywhere in Illinois.

One report discloses that samplings of gray and black shale were taken in 44 counties but that they failed to reveal presence of equivalent uranium in marketable quantities. Counties in the survey included Bond, Bureau, Calhoun, Clinton, Gallatin, Greene, Grundy, Hardin, Henry, Jersey, Jo Daviess, Macoupin, Montgomery, Pike, Rock Island, St. Clair, Saline, Schuyler, White and Williamson.

Examinations of 175 samples showed the highest per centage of uranium was .017, found in Gallatin county. .016 in Saline and .014 in Hardin and Sangamon counties, all found in stream cuts.

The uranium oxide of 15 shale samples having the highest per centage ranged from .001 per cent to .017. The tests were taken in nearly every section of the state in areas where presence of uranium has been suspected, wherever reasonably unweathered material could be found, such as in strip mines and in road and stream cuts.

One report described as a "preliminary report on uranium in Hardin county" in the far southern part of Illinois, was pessimistic. It

Elect Aaron Head Southern Illinois Historical Society

Louis Aaron of Harrisburg was elected president of the Southern Illinois Historical society at the fall meeting held at Cairo Friday evening. He replaces Wm. H. Farley, Harrisburg, who has headed the society during the past year.

Other officers elected are: Mrs. L. O. Trigg, Eldorado, re-elected vice president; Mrs. Wm. A. Pitkin, Carbondale, re-elected secretary-treasurer; John I. Wright, Carbondale, elected Archivist.

Board members: Mrs. Guylla Moreland, Cairo; T. J. Layman, Benton; Mrs. Chas. Jean, Anna, R. Q. Kimmel, Murphysboro; J. L. Buford, Mt. Vernon; C. C. Kerr, Cave-in-Rock; Mrs. Nannie Grace Porter, Marion; Norman W. Caldwell, Carbondale; Mrs. Ila Choiser, Eldorado.

The Historical society meeting opened with a reception and tour at Magnolia Manor. Dinner followed at the Masonic temple.

President Farley presided at the business meeting.

The group was welcomed by Paul Schuh Baur, Cairo mayor, and Mrs. Evelyn Snyder, librarian of the Safford Memorial library at Cairo, gave an interesting talk on "Opening the Doors of Historic Homes in Cairo."

Roger Q. Kimmel, Murphysboro, gave a talk on "Rare and Unusual Papers and Items," and described the methods employed by a collector and has several rare documents on display.

Salvation Army Fund Drive Reaches \$4,650

The Salvation Army's annual appeal for funds ended its fourth week of campaigning today, as the total amount collected to date reached \$4,650.

Drive Chairman John W. Biggers announced that just a little over \$4,000 cash has been turned in, with a few solicitors yet to report their contributions. Over \$600 in merchandise has also been given.

"Eldorado with \$900 and Carrier Mills with \$300 have certainly given us a boost," Biggers commented. Actual cash collections in Harrisburg stand at \$2,800.

"We won't be satisfied until we hit the \$5,000 mark, and if it takes two more weeks of campaigning, we'll do it. A lot of people haven't had the opportunity to help this fine charity, and they shouldn't be left out," Biggers stated.

"We still aren't certain of keeping the local post, so we must maintain our present pace," he said.

Following is a list of contributions, \$15 or over, not listed before: New York Central employees, \$41; York Packing company, Dr. W. D. Tuttle, Mac's Goodyear, Barter Drug, \$25; Saline Motor company, \$20; John D. Slightom, \$15.

Mrs. Ralph Horning Sr. Hurt in Fall

Mrs. Ralph Horning Sr. fell last night in her apartment in the Milex apartments, Main and Lincoln, and suffered a deep laceration in her head. She was moved by ambulance to the Lightner hospital where her condition this morning was about as expected. Eight stitches were required to close the wound.

Mrs. Horning fell and suffered considerable loss of blood before aid came to her. She had been listening to the Harrisburg-Hertin game on the radio and after it had finished she got up. Some way or another she fell, striking her head.

Nearly an hour later she had revived enough to telephone her son, Harry, and tell him about the accident. A physician was called and she was moved to the hospital.

Former Illinois House Speaker Dies

DIXON, Ill. (AP) — John Devine, former speaker of the Illinois House and prominent Democratic leader, is dead.

Devine, 77, died at his home Friday night after a long illness. He was first elected to the Legislature in 1912, and served 24 years. He was speaker of the House in 1934-36.

In 1943, Devine was considered as a Democratic candidate for governor.

Sues City of Eldorado

E. A. Irvin is suing the City of Eldorado in a complaint which says he was injured June 28 when he fell on a bad section of sidewalk on Locust street near Pond. His complaint, filed for him in circuit court by Atty. D. F. Rumsey, asks \$5,000 damages.

Lands in Rome For Talks with Italian Leaders

Will Fly to Paris Sunday for NATO Ministers' Meeting

ROME (AP) — Secretary of State John Foster Dulles arrived in Europe today to coordinate Western policy for next week's showdown with the Soviets at Geneva.

Dulles landed at Rome's Ciampino Airport for a 20-hour visit in Rome that Italian leaders hoped would align this country more firmly alongside the West.

He was met by Italian Foreign Minister Gaetano Martino and U. S. Ambassador Clare Boothe Luce, his hosts during his quick stopover here.

Dulles will fly to Paris Sunday for a NATO Council of Ministers' meeting designed to review final preparations for the Big Four foreign ministers' conference beginning Thursday in Geneva—where the prime topic will be the fate of divided Germany.

Visit Strikes Contrast

The eased East-West relations made the secretary's arrival from Washington a striking contrast to visits by U. S. leaders in past years.

Police took normally strict precautions to guard a foreign diplomat. Security forces ringed the airport and the road leading to downtown Rome.

Three thousand regular and riot police were on stand-by in their barracks as a routine precaution, police sources said.

But Italy's powerful Communists issued no call for demonstrations. They tried to ignore Dulles' visit by eliminating mention of his name from the front page of the party newspaper, *Unita*.

Sees New President
From the airport, Dulles plunged into a heavy schedule which called first for a conference with Italy's new president Giovanni Gronchi.

Before leaving Washington Friday, Dulles indicated the United States was willing to go half way and perhaps a little more in seeking agreements with Russia to ease East-West tensions at the Foreign Ministers conference starting in Geneva Thursday.

The fact he was stopping here for "consultations in advance" boosted the prestige of the Italian government which has expressed hope for a stronger voice in Western policy making. It also raised American prestige and countered a strong Communist propaganda offensive in Italy.

Cabinet Plans Strategy
Premier Antonio Segni called a cabinet meeting today to plan Italy's strategy before Dulles' arrival. In addition to seeking a bigger voice in international affairs, Italy is concerned over a number of other important matters:

1. Italian admission to the United Nations which the Soviets have tried to simultaneous entry of the Eastern European satellites.

2. The 10-year-plan for developing Southern Italy and wiping out unemployment, one of the chief breeders of Communism.

3. Help in reviving Italy's pre-war influence in Middle East affairs.

The United States in turn will want guarantees that Italian leaders will fight off the wave of neutralism infecting Europe since last July's "Summit" conference.

Informed sources said Italy gave one such guarantee Friday night in rejecting a proposal by left-wing Socialist leader Pietro Nenni that Italy grant recognition to Peiping "in the spirit of Geneva."

Identify Body of Woman Found in Well at Robinson

ROBINSON, Ill. (AP) — Police have identified the body of a woman found in a well on a farm near here last Monday as that of Mrs. Bertha Apple, 72, Palestine, Ill.

They said the identification was made from dental plates. Mrs. Apple and her husband disappeared last May.

The Weather

BIBLE THOUGHT FOR TODAY
But she of her want did cast in all that she had, even her living.—Mark 12:44.

Such heroic examples have inspired Christian Philanthropy. Each year in America alone four billion dollars are given for religious and philanthropic purposes. Give credit to the sacrificial gifts of the poor that inspire it.

Sprinkling ground nutmeg on vanilla ice cream gives a new flavor treat to the favorite.

Land Treatment Cuts Soil and Water Losses

Soil loss has been cut to the rate of one inch every 1,200 years on one treated, moderately grazed plot on a 9 percent slope at the Dixon Springs Experiment Station.

L. E. Gard, assistant professor in research at the Station, reports that soil losses were three times that rate on a similar plot that was closely grazed.

Measurements of run-off water from the sloping pasture plots showed an annual run-off rate of 3.74 inches on the moderately grazed plots over an eight-year period. That rate was 3.6 inches less run-off than on the closely grazed plots. This saving in moisture probably increased forage production on the moderately grazed plots.

Under moderate grazing the treated plots produced an average of 3,448 pounds of forage an acre over the eight-year test period. The plots that were severely grazed produced only 2,507 pounds.

When the plots were moderately grazed, only 19 pounds of forage was needed to produce a pound of lamb gain. On the severely grazed plots 50 pounds was required to put on each pound of lamb gain over the eight years.

You can see further proof that treatment and good management pay well in higher animal gains in the fact that the moderately grazed, treated plots produced 2-346 more pounds of good forage and 977 less pounds of weeds than the similar untreated plots. Even under severe grazing, the treated plots yielded 2,078 more pounds of desirable forage and 1,228 less pounds of weeds than the untreated plots.

Items of Agricultural Interest

SIU Country Column

By Albert Meyer

Today the average farmer has a large capital investment in modern farm machinery. Where there is machinery there is depreciation. How fast this depreciation takes place depends upon the farmer's good operation and management practices. How good a manager he is largely determines his chances for profits.

These observations lead to some suggestions on winter care for farm machinery. Colder weather is approaching and the time is not far away when much of the farm field machinery will be idle for a few months.

Storage is one essential in machinery care. Assuredly, the end of the field where the machine last was used is not the place to leave it for the winter. Neither do corners of the barn yard or the shade of large trees serve as good storage spots—even though these still are used all too frequently. Farm equipment is expensive. To leave it unnecessarily exposed to the ravages of the elements is the same as taking money from the pocket and throwing it away.

Some kind of farm structure to house all farm machinery during months when it is idle should be a prime consideration of the farmer. Such buildings need not be elaborate and expensive, but each ought to have a substantial roof and be closed on the three sides from which most of the bad winter weather comes. Open exposure to the south or east is most desirable. Pole type sheds are quite satisfactory.

Even storage buildings do not prevent machinery from drawing dampness and corroding when idle for long periods. Hence, farm machines need to be cleaned and lubricated before storing. Moving parts thus will be protected from rusting and many hours of operational time will be added to the life of the machine.

A few simple precautions, too, will give much longer life to the tractor or the power units on motor driven farm machines, such as combines, field choppers, or hay balers. Rusting and corrosion damage to engines during storage occurs chiefly to valves, upper cylinders, and bearings. Practically all such internal deterioration may be avoided by taking a few easy precautions.

Drain out the old crankcase oil and put in new oil of the proper weight, change the oil filter, and run the engine five minutes to circulate the new oil to all parts of the engine.

Take out the spark plugs and pour three tablespoons of oil into each cylinder, replace the plugs, and crank the engine two revolutions to distribute the oil over the upper cylinder walls and the valves.

Plug the air intake and exhaust pipes to keep moisture out of the engine.

If anti-freeze is used to protect the engine against freezing, use a permanent or an alcohol-base type, not other materials that are unsafe or harmful to the cooling system.

Check the storage battery every month or two during the winter and keep its charge up enough to prevent freezing and loss of battery life due to plates becoming coated with sulfate.

If you have marked gills from good litters, select the growthiest meat-type ones for herd replacement. Feed efficiency and rapid growth are closely correlated. Therefore, weight for age when coupled with acceptable type makes the best basis for selection.

The Daily Register, Harrisburg, Illinois

Page Two Saturday, October 22, 1955

University of Illinois Experiment Station

(A round-up of the week's work, activities, and observations at the University of Illinois Dixon Springs Experiment Station near Robbs in southern Illinois, prepared by the Station's staff.)

The untidy emptiness of the sale barn and cattle pens, with gates ajar and a ghostly silence broken only by the clatter of tools from a cleanup crew, reminds us that the sixth annual feeder cattle sale is now history. It was a sale marked with active selling, quality cattle, and plentiful rain.

Two thousand spectators and buyers sloped through mud, worked into a quagmire by trucks, cars and the 1,600 head of feeder cattle that were sold October 6 and 7. Cattle numbers were less than expected because muddy roads made their movement impossible. Spectator numbers were down, but the buyers bid vigorously for the privilege of taking home fresh, high-quality feeders.

Good and choice steer calves sold from 20 to 22 cents, and heifer calves for 22 cents less. The top on steer calves was 23 cents. Good and choice yearling steers went for 18 to 20 cents, with a top of 20 3/4. Yearling heifers sold at 14 to 16 cents. Total gross receipts were slightly less than \$150,000.

Sale Goes Fast
An astounding feature of the

IAA Launches Meat Promotion Campaign in State

CHICAGO—Illinois farmers are launching a meat sales promotion campaign, Otto Steffey, president of the Illinois Agricultural Association, announced today.

Objects of the campaign, Steffey said, are to call attention of housewives to present bargains in meat and to bolster livestock prices and farm income.

The IAA president pointed out that housewives today can buy for 89 cents meat that a year ago would have cost them \$1.

"With meat at such bargain prices, consumers can afford to eat more meat," he said.

During the meat promotion campaign, representatives of the 99 County Farm Bureaus plan to visit grocery stores, restaurants, retailers, hotel managers and other places that serve or handle meat.

"They will be urged to cooperate in this self-help plan of farmers to increase the consumption of pork, beef, lamb, and poultry," the Farm Bureau president said.

Similar to a dairy promotion campaign sponsored by the County Farm Bureaus and the IAA last year, the meat campaign is a self-help attempt by farmers to channel meat into consumption rather than seek government aid, Steffey said.

Steffey said concerted action by the nation's two million farm families could easily raise the price of livestock \$1 per hundredweight.

The United States ranks fifth among nations in the per capita consumption of meat, he continued. From the standpoint of health, this consumption should be increased beyond the estimated 183 pounds of meat eaten by men, women, and children in 1955, Steffey declared.

National Council of Churches Invites Communist Clergy

The general board of the National Council of Churches on Oct. 6 invited the communist clergy to visit the U. S. A. If you read 1 Kings 18 in the King James version, you will find that Elijah took a far different attitude in regard to the prophets of Baal.

Bishop Q. K. Y. Huang, a fugitive from his native land, China, tells us as do all who know that the communists only allow those churches to operate that conform to communist thinking, denying God. Certainly they were selected for the World Council and will also be for this visit. Who could imagine them allowing anyone to come who does not believe in the communist line? This will give the members of the National Council an opportunity to meet and WORSHIP THEIR GOD with a gang of butchers, who have destroyed and plowed under many a mother's son. They come now to plow under the minds of the mothers and fathers who believe in God the Father and Jesus Christ His only begotten son.

W. J. Cooley

Average wheat yield on 20 University of Illinois soil experiment fields was about 25 bushels without soil treatment and 46 with treatment and crop rotation.

CATERPILLAR IN JOLIET, ILLINOIS IS ENLARGING

Many jobs are available for men with no previous experience. These jobs offer opportunities for advancement and therefore at least two years of high school training are required. Age 18 to 45. Must pass rigid physical examination.

See your nearest Illinois State Employment Service Office or visit the Caterpillar Co., at Joliet, Illinois.

The Caterpillar Office is open from 8 to 4:30 Monday through Saturday.

TIMELY FARM TIPS

Autumn Ideal Time to Kill Rats, Mice Here's how:

With the first signs of chilly autumn weather, rats and mice invade buildings, searching for shelter and a constant food supply for the long winter months ahead. If you prepare for the annual invasion, however, you can head off their damage-dealing activities.

An effective anti-rat and mouse campaign, according to many pest control specialists, includes these three steps:

One—Remedy poor sanitation.
Two—Ratproof buildings, when practical.
Three—Place rat bait according to directions.

To assure good sanitation, remove all rubbish piles, and stack lumber and firewood neatly on racks at least one foot above ground level.

Ratproofing. Step No. 2, can effectively keep rats and mice out of corn cribs, granaries, warehouses, and all other places where feed is available. Bulletins describing ratproofing methods may be obtained from your county agricultural agent.

Baiting is the third and most effective blow in the autumn anti-

rat campaign. Outstanding among the available rat and mouse killers is warfarin, a potent substance discovered in the laboratories of Dr. Karl Paul Link, Biochemistry Dept., University of Wisconsin, by Drs. Mark A. Stahmann, Miyoshi Ikawa, and Link.

Warfarin bait is recommended because:

It kills all species of rats and mice common to the United States; it is a slow killer and does not create bait shyness; no pre-baiting is required; no tolerance develops; it is easy to use; it may be used in any climate or season at any temperature; it is comparatively safe to use; and it may be purchased as a ready-mixed bait, as a concentrate, or in water soluble form.

In using warfarin bait, it must be made available to the rats and mice at all times. Bait stations—shallow containers protected with a board or a wooden box—are normally examined and replenished every 48 hours. A limited number of permanent bait stations will kill newcomers and control reinvasion.

Army Says New Arms Stagger Imagination

FT. BENNING, Ga. — The Army's top spokesmen said today the nation's new weapons for deterring war will "stagger the imagination."

America cannot, and is not relying on, phony military strength to keep the peace, they told 500 top members of the Association of the United States Army at sessions at this huge infantry center.

Gen. Maxwell D. Taylor, Army chief of staff, said that only "the obvious big stick" will hold back an aggressor.

Military power, he said, "cannot be phony... it cannot be a bluff." Outlining Army steps to expand America's deterrent strength, Lt. Gen. James M. Gavin, research and development chief, said new guided missiles have "almost unbelievable possibilities" for attacking aircraft, tanks and other enemy targets.

The two generals delivered major addresses climaxing a two-day meeting of the association, an organization dedicated to advancing Army interests. Members came here to witness a display of the "new army" firepower and progress in use of aviation to seize territory deep behind enemy lines.

The Army, Taylor said, is uniquely able to deal with big or little, atomic or conventional war. In waging war with "measured destruction," he said, the Army is like a "well-equipped orchestra, able to strike the appropriate note or chord at the appropriate time."

That was a clear statement of the growing Army line that it, in contrast with the massive atomic blows of the Air Force, can fight a war with a main eye on pitwar political and economic conditions in defeated lands.

Gavin, a steadily rising star in the Army who recently took over the newly created research and development post, said that "no super weapon" can be counted on for victory.

President Eisenhower sent a message from Denver greeting his "comrades-in-arms" Friday night on the "historic occasion" of the first annual meeting of the association.

Morocco Party Rejects Part in New Government

RABAT, Morocco (AP)—Premier Edgar Faure's peace plans for Morocco appeared today to be foundering on the memory of exiled Sultan Sidi Mohammed ben Youssef.

The powerful Istiqlal (Independence) Party which demands the return of Ben Youssef announced it would not take part in the new government planned by Faure.

The Istiqlal Party announced a boycott of Faure's four-man throne council, formed to replace Ben Youssef and the less popular Sultan Sidi Mohammed ben Moulay Arafa who also was ousted by France.

The immediate effect was that Premier-designate Si Fatmi ben Slimane balked at forming a Moroccan government which would not have the support of the Istiqlal.

Trucking Industry Moves to Curb Runaway Accidents

WASHINGTON (AP)—The trucking industry, responding quickly to a government demand for action, moved today to curb runaway truck accidents caused by brake failures.

The American Trucking Association announced it will ask the Interstate Commerce Commission to approve a two-brake system for huge tractor-trailer trucks. It provides that in event of failure of the brakes on one section of a tractor-trailer, brakes on the other would continue to operate.

Runaway truck accidents have killed 10 persons and injured four others in recent weeks. Four persons were injured Thursday when a steel-laden truck careened down a hill at Kittanning, Pa., after its brakes failed, smashing 10 autos.

The day before, five persons were killed in a similar accident near Cumberland, Md., and on Oct. 4, five were killed in the same manner at West Newton, Pa.

Old Murals Uncovered

During restoration of historic Vernon House, in Newport, Rhode Island, workmen removing paneling discovered murals said to be 18th century Chinese wall frescoes.

Raleigh Home Bureau Holds Regular Meeting

The Raleigh unit of Saline County Home Bureau held its regular meeting Tuesday evening at the home of Mrs. Cathleen Parks with 14 members and two visitors present.

The chairman, Mrs. Peggy Peyton, presided. "Investments for Family Security," the major topic, was presented by Mrs. Florence Parks.

The next meeting will be Nov. 10 all day with a potluck dinner at the noon hour with Raleigh being the hostess to Wasson, Union Grove and Galatia units.

The hostess served refreshments to Mrs. Lara Upchurch, Mrs. Evelyn Wesley, Mrs. Blanche Seates, Mrs. Faye Williams, Mrs. Genevieve Jones, Mrs. Ruth Upchurch, Mrs. Elizabeth Bishop, Mrs. Esther Owens, Mrs. Florence Parks, Mrs. Helen Jones, Mrs. Pat Fulkerson, Mrs. Peggy Peyton, Mrs. Lillie Cable and visitors, Mrs. June Johnson and Mrs. Kathryn Tate.

Carl M. Kennedy of Springfield, chemical engineer for the C. I. P. S., was in this area on business for the company, and visited with his aunt, Mrs. Claude L. Rew. From here he went to Grand Tower.

Mrs. Bess Frohock was called to Eldorado today by the serious illness of her sister, Mrs. Dick Lloyd, who is a patient at the Ferrell hospital.

Calendar Of Meetings

All members of George Hart Post 167, American Legion, are reminded of the "early bird" fish fry to be held Sunday, starting at 1 p. m. at Sahara Lake. 1956 membership cards are required for attendance. Cards can be obtained on the grounds.

Delta Alpha chapter of Delta Theta Tau will hold its regular business meeting at the public library Monday at 7:30 p. m.

The Ruth Gray class will serve dinner to the public at the First Christian church Thursday, from 4:30 to 7 p. m. to raise money for the church, and is inviting everyone who can do so to attend.

The American Legion will meet Monday at 7:30 p. m. Paul Golish, Cmdr.

Rev. William Fuson, pastor of the Dorrisville Baptist church, will be in charge of the W.C.T.U. radio program over WEBQ Monday at 2:30 p. m.

The Lenore circle of the First Presbyterian church will meet Monday at 7 p. m. with Miss Julia Williamson, 810 South Granger.

Most of Minnesota's 14,800 Indians live in 13 reservations and communities in the northern part of the state. However, more and more young adults leave to find better jobs.

Judge Overrules Etiquette, Rejects Ex-Wife's Plea to Regain Wedding Gifts

CHICAGO (AP)—A judge politely overruled Emily Post in court Friday.

Etiquette is fine, he ruled, but not always legally correct. Not in this case, anyway.

This case concerned a woman's attempt to regain wedding gifts from her former husband.

The woman, Mrs. Carla Dvorscak, 21, went into court with her lawyer to argue about a petition in which she asked the court to cite her divorced husband, Anton, 35, for contempt.

The lawyer, Edward P. Lane, said the divorce agreement of Nov. 15, 1954, directed Dvorscak to return all of his ex-wife's personal property.

Hot Lunch Program Continued in Galatia High School

The Galatia Community high school is continuing to offer a hot lunch program which meets the requirements of the State of Illinois. Most schools are finding it difficult to operate their lunch program this year without sustaining a financial loss.

In order to keep the lunch program on a basis whereby no loss is incurred, it is necessary that the majority of the school's students eat in the cafeteria. The law prohibits a school from realizing a profit on its lunch program, so any possible excess in revenue is used in improving the meals to be served.

Attention is called to an advertisement in this same issue which shows the menu for the week of Oct. 24 at the Galatia high school. The menus in this school are planned by the home economics teacher, who has had university training in dietetics.

Peaceful Boundary
The international boundary between the United States and Canada is marked with monuments of various kinds and has the distinction of being the longest nonmilitarized boundary in the world between two nations.

Hits Payment Of Vet Pensions To Non-Citizens

WASHINGTON (AP)—Non-citizens all over the world are drawing monthly veterans pension checks from Uncle Sam, and Rep. Olin E. Teague (D-Tex) said today he may move to cut some of them off.

Teague, chairman of the House Veterans Committee, said he learned on a recent trip to Europe that in Italy alone the Veterans Administration delivers 6,000 checks each month, averaging about \$70, most of them for old age and disability not due to military service.

"I have serious doubts about paying veterans pensions to people who have given up their citizenship and gone to live in Italy," Teague told reporters. Some of the recipients, he pointed out, never were Americans. All served at one time — most of them in World War II, he said — in the American military.

Teague said U. S. veterans rolls in all Europe now total about 50,000, including of course many Americans working or studying abroad.

The Veterans Administration said it delivered 152,949 checks outside the United States in August.

The VA said it has no record as to how many of the foreign recipients are Americans. The biggest single bloc of checks however goes to the Philippines, whose veterans of military duty with the American forces by law are given special consideration.

All men were created equal. It was the railroads that put some of them on the wrong side of the tracks.

Law No. 55-L-118.

The requisite affidavit for publication having been filed, notice is hereby given you, M. W. Howard, defendant in the above entitled suit, that the above suit has been commenced in the Circuit Court of Saline County by the said plaintiff against you, praying for judgment; and that the said suit is still pending.

Now, therefore, unless you, M. W. Howard, the said defendant, file your answer to the complaint in said suit or otherwise make your appearance therein, in the said Circuit Court of Saline County, held in the Courtroom in the City of Harrisburg, Illinois, on or before the Third Monday in the month of November, A. D. 1955, being the 21st day of November, A. D. 1955, default may be entered against you at any time after that day and judgment entered in accordance with the prayer of said complaint.

Dated this 22nd day of October, A. D. 1955.

In Memoriam
In loving memory of Douglas B. Lightfoot Jr., who passed away two years ago today, Oct. 22, 1953.
Donna Sue, Dianne, David and Greg.

NOTICE—PEOPLE SENDING US mail signed "One Who Knows" are known to us. We have all the letters. If we receive any more they will be turned over to Postal authorities. Noble Beers, R. R. Thompsonville, Ill.

In Memoriam
In loving memory of Frank Dann, who died five years ago on Oct. 22. The flowers we place upon your grave
May wither and decay,
But for you who sleeps beneath,
Will never fade away.
Heavy are our hearts today,
Memory brings you back once more.
To the time when you were with us
To happy days of yore.
Sadly missed by wife, Cordia, and children.

In Memoriam
In loving memory of our mother, Mrs. Charles Clayton, who passed away 24 years ago on Oct. 24. Away in the land of sunrise,
Separated by heaven's golden door
Our beloved mother is patiently waiting.

Sadly missed by her daughters: Mrs. C. L. Threet, Mrs. Ann Pars, and Mrs. Emma Stunson.

CHICAGO (U.P.) — Police investigating the brutal murder of three Chicago schoolboys searched today for a man who left stained clothing at a dry cleaning establishment, and for another who gave a ride to three hitch-hiking youngsters.

These were the latest clues reported to authorities as they pressed their investigation for the wanton murderer or murderers of Robert Peterson, 13, John Schuessler, 13, and his brother, Anton, 11.

Employees at the cleaning establishment said a man left a blue suit coat and gray plaid slacks Thursday, and said he would pick them up the following day. Red stains, found on the clothing, are being tested.

Funeral services for the two Schuessler boys were held today at St. Tarcisius Church. Nine of their friends were to serve as altar boys, and the pallbearers were members of their Boy Scout troop.

'Harrisburg Day' TV Program Over Cape Girardeau Station Sunday

A "Harrisburg Day" television program is scheduled to be presented over the Cape Girardeau station at 5:30 p. m. Sunday, it was announced today. Pictures taken in Harrisburg will be shown.

Little Known

The upraised torch of the Statue of Liberty is familiar to millions, but many do not know that she holds the Declaration of Independence in her other hand, or that the broken chains of tyranny lie at her feet.

"INSURANCE-WISE"

by

BILL GHENT

A Homeowners Policy protects one's home against many different kinds of perils. There are at present three different types of Homeowners Policies, namely, A, B and C. These three different types of policies actually may be written to provide four different types of coverage.

BUYER MUST BEWARE

Because a Homeowners Policy makes a savings to the homeowner and because several different insurable items are included in one policy, it is very easy for an insurance agent to mislead a prospective purchaser as to the coverage provided while quoting a seemingly low premium.

Several people have called at the Robertson-Ghent Agency and requested an explanation of a Homeowners Policy together with a quotation of price because of a confusing quotation they have received elsewhere. In nearly every instance, these people thought they were buying an all coverage all risk policy when in reality, they had been quoted on the cheapest type of Homeowners Policy there is, which is Type A.

Since this misunderstanding is occurring even when reliable agents are talking about Homeowners Policies, it behooves a purchaser or a prospective buyer of a Homeowners Policy to take the precaution of comparing price and coverage with some other reliable local agent before buying.

All-Stars to Play Old Hickory Barons Here Sunday for Benefit of New Park

The Old Hickory Barons, a classy ball club from Tennessee, will be here Sunday afternoon to take on the Harrisburg All-Stars in a baseball game at the new park near the fairgrounds. The All-Stars are members of the Harrisburg Legion and Stars baseball teams, the players having been chosen by a panel of three judges from the two club rosters.

Local fans who saw the Barons here in their previous appearance this season need no introduction to the Barons' style of play. Consensus after the game here was that they had one of the finest clubs that had played in this area in several years. What impressed local fans was their lusty hitting, classy all around defensive play and fine sportsmanship. All of the Barons have played professional ball at one time or another; by the Birmingham Black Barons, the Memphis Red Sox and the Cincinnati Clowns. Their season's record to date is 25 wins against only four losses. One of their victories recently was over

Decatur and Herrin Jolt Urbana and Harrisburg From Undefeated Ranks

Herrin and Decatur jolted Harrisburg and Urbana from the undefeated ranks Friday night, but most Illinois prep football powerhouses kept right on rolling. Herrin vaulted itself back into a tie for the South Seven leadership after being upset last week by stopping Harrisburg's Bull Dogs cold 13-0.

Decatur's Redmen maintained their Big 12 lead by steamrolling Urbana 35-0 for their fifth win in six games.

Mount Carmel, another previously unbeaten team, had to settle for a 14-14 tie against Carmi in the North Egyptian conference. Others Do Better

But other top teams fared better. Defending champion Aurora East racked up win No. 6 against Aurora West 26-0, while Elgin kept space in its contender role in the Big Eight by wallowing Joliet 34-0. Champaign and Peoria Manual, both of the Big 12, also kept unbeaten streaks intact. The Manual Rams pounded Peoria Spalding 27-7 in a non-conference game, and Champaign stopped Bloomington, 13-0.

Chillicothe's Ghosts were scored on for the first time this season but still won their 18th in a row, knocking Washington 19-6. DeKalb's Barbs notched win No. 10 in a streak extending over two seasons with a lopsided 51-0 decision over Rochelle. Six Straight Winners

Pana trampled Springfield Cathedral 25-6, and Casey, of the Eastern Illinois conference, slammed Newton 19-0, both winners taking their sixth in a row.

Carbondale Community edged Pinckneyville 13-12 to protect its Southwestern Egyptian lead with a 4-0 record.

Blue Island grabbed a commanding position in the South Suburban loop by beating Kankakee 21-14 for a two wins-one tie-one loss mark. In other suburban action, Bloom pasted Thornton Township 24-6, and Maine of Des Plaines beat York 14-6.

STEERS WINNERS

Austin, Tex.—(NEA)—Ed Price of Texas has the best winning percentage of any Southwest Conference coach.

Comptroller General Joseph Campbell earlier had threatened to hold up the whole project on grounds that the Air Force lacked legal authority for it. But Friday Campbell gave the Air Force permission to proceed with the system provided it asks for "express approval" from Congress next year.

The warning system, involving some 25,000 miles of telephone lines, would flash word of an air attack to central control stations and direct fighter planes and guided missiles against the attackers.

Doctors to Map Convalescent Program for Ike

DENVER — Dr. Paul Dudley White, the Boston heart specialist, arrived here today to re-examine President Eisenhower and map a program to get the chief executive back on his feet within the next two weeks. The President suffered his heart attack four weeks ago today. According to medical bulletins, his recovery continued "without complications." But he has not walked yet.

Today's first medical bulletin said the President had a good night's sleep of almost nine hours and that he awoke "feeling refreshed and in his usual jovial mood."

It said his condition continued to progress without complications. White arrived here aboard the Columbine III, the Presidential plane, with Sherman Adams, his assistant to the president, Col. Thomas W. Mattingly, the heart specialist from Walter Reed Hospital in Washington, and Maj. John S. Eisenhower, the President's son.

Traffic accidents will claim 55,000 lives a year in the U. S. by 1965 if the volume of cars increases the expected 50 per cent by that time.

UCLA Trips Iowa; Miami Loses to Texas Christian

UCLA beat Iowa, 33-13, on the West Coast Friday night while Marquette pulled a surprise in its East Coast battle with Boston.

Sam Brown led the UCLA onslaught by contributing three touchdowns. Iowa's Jerry Reichow turned in an outstanding quarterback job, sparking the Iowans in a last-minute score.

Marquette invaded Boston Friday night as a two touchdown underdog against Boston College and knocked the Eagles from the perfect record ranks by gaining a 13-13 tie.

Texas Christian, despite four victories in five games, was a six-point underdog against Miami in the Orange Bowl. So what happens? The Horned Frogs turn back Miami, 21-19 behind the passing of quarterback Charlie Curtis.

A blocked punt and a fumble set up two first period touchdowns by Marquette at Boston. The Eagles battled back on second and fourth quarter scores by quarterback Billy Donlan, but had to settle for a tie when Frank Cousineau's attempted conversion was blocked by Marquette's Fred Connally after the second touchdown.

At Miami, Curtis tossed touchdown passes to Jimmy Swink and O'Day Williams and accounted for TCU's other score on a one-yard plunge. Fullback Harold Pollard also had a big hand in the upset by converting after each Horned Frog touchdown.

Miami, which now has lost three of its first four games, rigged its defense to stop Swink. However, the lean TCU halfback accounted for 124 of his team's total rushing yardage of 201 yards on 18 carries.

CUTS UP OPPOSITION

HANOVER, N. H.—(NEA)—Wayne Kakola, Dartmouth tackle, works as a butcher in the campus restaurant.

Gain Total of 333 Yards; Only One Pass

to fill in for the ailing Acie Gwaltney. Stroke carried for a total of 127 yards, including two fine runs of 44 and 32 yards.

Lovellette, Eldorado's fullback, gained 120 yards. Potts accounted for 70 and Acie Gwaltney, in two tries, picked up 16 yards. Eldorado failed to complete a pass, except for one of the points-after-touchdown.

16 First Downs By Eagles

West Frankfort gained most of its yardage through the air. For the night the Red Birds gained a total of 225 yards from scrimmage, including 91 by rushing and 134 through the air lanes.

Eldorado counted 16 first downs and West Frankfort nine.

The Eagles, gaining a reputation as a strong second half team, again showed more strength in the last two quarters than they had shown in the first two.

At half time the score was 7-all, but in the final two periods Eldorado scored 13 points and held WF scoreless. Eldorado also had two TDs nullified by penalties late in the game.

In the first quarter Eldorado marched for a TD, starting the driving force from their own 5 yard line. In this 95-yard drive Eldorado picked up four first downs, with Lovellette, Stroke and Potts alternating with the ball carrying chores. Potts went the final 13 yards for the TD and Clark passed to Kinsery for the point.

99-Yard March

West Frankfort came roaring back through the air to score in the second quarter. Morrison, the quarterback, completed passes of 7, 12, 33 and 23 yards in the march. The TD came on a pass that was almost batted down, but Griffin, WF halfback, grabbed the ball

Third Annual Homecoming of Carrier Mills High School Friday, Nov. 4

The third annual homecoming of the Carrier Mills Community high school will be held Friday, Nov. 4, and preparations for the gala occasion are in full swing at the present time. Principal W. G. Jennings announced today.

The opening event of the homecoming will be a bonfire and pep rally to be held on the school's athletic field at 6 p. m. Thursday, Nov. 3, followed by the traditional snake winding through the downtown area.

The homecoming parade will begin at 2 p. m. Friday, Nov. 4, and will have several outstanding commercial floats, including Captain Howard Harris and his steam callopie.

The CMCHS band will again lead the parade along the following routes: The starting point will be the Carrier Mills grade school with all entries turning north at the intersection of Washington and Main streets and proceeding north on Main to the intersection of Main and Parker streets, thence turning west on Parker to Mill, south on Mill to Oak, east on Oak to Main, north on Main to the intersection of Main and Washington. All entries will then turn east on Washington and continue east until the entire parade comes to a halt along that street where pictures will be taken of the prize winning floats.

The Carrier Mills Alumni association has announced the following prizes to be given for the outstanding entries in the parade—first place \$15, second place \$10 and third place \$5.00. All business firms are invited to participate

Shawneetown Cage Opener Set For November 15

Once the Shawneetown high school basketball schedule gets underway the fans will have a chance in a hurry to get a line on the team. The opening game is set for Nov. 15 and in the next five days Shawneetown will participate in three ball games.

Coach Darwin Vatter stated recently he was set on three starters—the center and forwards, but there were at least five men making a determined bid for the two guard posts.

The front line will have both experience and height. Jack Nolen, center, is 6-4 and Alfred Gundzel and Jack Drone, forwards, are 6-2 and were members of last year's team that advanced to the quarter-finals of the "Sweet 16," state championship finals.

The schedule:
Nov. 15—Ridgway, away
Nov. 18—Vienna, home
Nov. 19—Carrier Mills, away
Nov. 22—Rosiclare, home
Nov. 25—Grayville, home
Dec. 2—Cave-in-Rock, away
Dec. 6—Equality, home
Dec. 9—Pope County, away
Dec. 16—Galatia, away
Dec. 19—Equality Invitational tournament

Jan. 3—Crossville, home
Jan. 6—Vienna, away
Jan. 10—Ridgway, home
Jan. 13—Equality, away
Jan. 16—20—Greater Egyptian Conference tournament
Jan. 24—Enfield, home
Jan. 27—Rosiclare, away
Jan. 31—Crossville, away
Feb. 3—Cave-in-Rock, home
Feb. 10—Pope County, home
Feb. 14—Enfield, away
Feb. 17—Galatia, home
—Denotes conference games.

Statistics give Herrin a decisive edge, but the thing that spelled defeat for the locals was the fact that they could not cope with the Herrin screen passes out into the flat. The Herrin passer would go back to throw and decoy the local defense to one side of the field. Then he would throw to a man standing nonchalantly by himself on the other side, as if he were just out there watching the action. Interference would quickly form and the receiver would be off.

The locals never threatened and were "in the hole" nearly all the first half.

Herrin scored both its touchdowns in the first half, on a 15-yard screen pass, Jim McPherson to Charles Hamilton, in the initial period and an eight yard screen, McPherson to Bob Booth, just before the second quarter ended.

Herrin Recovered Fumble
At the outset of the game Tony Beal passed from his 43 to Joe Dorris, who caught the ball but was hit so hard in mid-air he was knocked out and fumbled. Herrin recovered on its own 36 and marched to the Harrisburg 12, where the locals took over on downs. But three plays later Harrisburg fumbled on its 16 and Herrin recovered, going on to score the first tally. Hamilton kicked the extra point.

In the second quarter, after Herrin had completed four straight passes since the outset of the game, Jack Wright intercepted on his own six. Harrisburg moved to the 31 but had to punt. There were a couple of punt exchanges before Herrin connected with three straight screens, of six, 14 and eight yards, to score its final tally.

Harrisburg rolled to three consecutive first downs in the third quarter from the Harrisburg seven to midfield for the best sustained drive of the Bull Dogs all evening. In the fourth frame Herrin rolled from the Harrisburg 47 to the Harrisburg seven, but there the Bull Dogs held the Tigers on downs.

The game statistics: First downs—Harrisburg 6, Herrin 12; net yards from scrimmage—Harrisburg 133, Herrin 243; net yards rushing—Harrisburg 112, Herrin 144; yards passing—Harrisburg 21, Herrin 99; passing completions—Harrisburg one out of five with

Locals Hold 5-1 Record After South 7 Defeat; Local Players Crippled

The Harrisburg Bull Dogs could not stop Herrin last night and lost their first contest of the season, bowing 13 to 0 in the Tigers' annual Homecoming grid celebration.

The loss gives the locals a 5-1 mark for the season and 3-1 in the South Seven conference. The Bull Dogs were the last loop team to fall from the undefeated ranks.

It was the first time this year that an opposing team has scored more than one touchdown against Harrisburg, and, obviously, the first time the locals have been blanked.

And as bad as the loss was the crippling of the Bull Dog machine. Already hampered by injuries to Fred McKenzie (ankle), Jack Wright (knee) and Bob Shewmake (dislocated hand and not suited up), Joe Dorris, stellar end, broke his hand in the second period and is probably lost for the season; Everett Evans, a 30-minute man at tackle, suffered a hand injury early in the third quarter and did not re-enter the game; Wayman Hefner and Mike Hays suffered injuries that kept them out of the contest, Hays for the entire second half; and Ken Price, the other regular tackle, suffered bad injuries which sent him to the hospital.

Locals Never Threatened
Price, who apparently suffered a bad muscular bruise near the hip bone, was carried off the field on stretchers and brought to the Harrisburg hospital by ambulance. He was to be x-rayed this morning to determine if any bones were fractured.

Statistics give Herrin a decisive edge, but the thing that spelled defeat for the locals was the fact that they could not cope with the Herrin screen passes out into the flat. The Herrin passer would go back to throw and decoy the local defense to one side of the field. Then he would throw to a man standing nonchalantly by himself on the other side, as if he were just out there watching the action. Interference would quickly form and the receiver would be off.

The locals never threatened and were "in the hole" nearly all the first half.

Herrin scored both its touchdowns in the first half, on a 15-yard screen pass, Jim McPherson to Charles Hamilton, in the initial period and an eight yard screen, McPherson to Bob Booth, just before the second quarter ended.

Herrin Recovered Fumble
At the outset of the game Tony Beal passed from his 43 to Joe Dorris, who caught the ball but was hit so hard in mid-air he was knocked out and fumbled. Herrin recovered on its own 36 and marched to the Harrisburg 12, where the locals took over on downs. But three plays later Harrisburg fumbled on its 16 and Herrin recovered, going on to score the first tally. Hamilton kicked the extra point.

In the second quarter, after Herrin had completed four straight passes since the outset of the game, Jack Wright intercepted on his own six. Harrisburg moved to the 31 but had to punt. There were a couple of punt exchanges before Herrin connected with three straight screens, of six, 14 and eight yards, to score its final tally.

Harrisburg rolled to three consecutive first downs in the third quarter from the Harrisburg seven to midfield for the best sustained drive of the Bull Dogs all evening. In the fourth frame Herrin rolled from the Harrisburg 47 to the Harrisburg seven, but there the Bull Dogs held the Tigers on downs.

The game statistics: First downs—Harrisburg 6, Herrin 12; net yards from scrimmage—Harrisburg 133, Herrin 243; net yards rushing—Harrisburg 112, Herrin 144; yards passing—Harrisburg 21, Herrin 99; passing completions—Harrisburg one out of five with

WHAT SHALL I BE ?

"What shall I be when I grow up? What is life all about? Is there a God?"

Johnny is seeking. He wants to mold the future. He wants to know what to make of his life.

In later years, if Johnny hasn't found the answers, he will stop asking. He will be concerned with the present to look to the future. He will be busy supporting a family, getting a new car, meeting unexpected sickness, trying to keep up with the Joneses.

So Johnny will start drifting. He will be carried away by the problems and anxieties of the grown-up world. He will be swept along in the stream of life without aims or purposes.

Help your Johnny to find the answers to his seeking. Take your child to Sunday School and Church this Sunday. Help him find the truth and certainty and faith to shape a great life.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Isaiah	6	1-9
Monday	Amos	5	14-24
Tuesday	Mark	9	28-30
Wednesday	Mark	10	34-45
Thursday	Acts	28	9-19
Friday	1 John	3	13-24
Saturday	Revelation	3	14-22

'Struggle In the Wilderness'

Luke 4:1-15
GOLDEN TEXT: "Thou shalt worship the Lord thy God, and Him only shalt thou serve." (Luke 4:8)

INTRODUCTION—The temptations that Jesus faced were very real. There are some who think that because Jesus was perfect and sinless, that he could not really be tempted. Don't you ever believe it. The devil, old Satan, himself, realized that Jesus was the one sent to defeat him. If ever in this world he tried to get one to yield to temptation it was when he tempted Jesus.

The better a person is the greater the effort of Satan to get them to yield to temptation. I had a deacon one time who told me that before he became a Christian that the devil placed one of his little imps on one of his shoulders. This little imp whispered in his ear all the time to try to get him to do wrong. He said that after he became a Christian that the old devil placed an imp on each shoulder to whisper in both ears to try to get him to do wrong.

Yes, friend, if Satan cannot keep you from becoming a Christian, you can be sure that he will do all within his power to ruin your influence after you do become a Christian.

I TEMPTATION THROUGH APPETITE (V. 1-4)
Jesus had been fasting for forty days and nights. He was hungry. In fact, he was never nearer death in all his life, until he came to Calvary, than he was on the Mt. of Temptation. He, being the Son of God, had power to "turn the stones to bread." However, to have done so in this instance would have been to yield to the temptation of the devil. Therefore, instead of listening to the voice of Satan, Jesus listens to the voice of God.

"It is written, that man shall not live by bread alone, but by every word of God."

not live by bread alone, but by every word of God."

How meaningful are these words for us today. Many people today are yielding to the temptation to satisfy the appetite. Friend, the physical is only one part of your whole personality. Food and drink can satisfy only the physical. God alone can satisfy the whole man.

II TEMPTATION THROUGH AMBITION (V. 5-8)

Let us not forget that Jesus is to be the Conqueror and Ruler of the world. This was decided before "the foundations of the world." Satan tried to tempt Jesus at this point. Satan took Jesus high up on top of the mountain and showed him all the kingdoms of the world. He then told Jesus that he could have all these kingdoms, if he would only do homage, or worship him. This is the lowest kind of victory. No sacrifice, no self-denial would be required. Just a little bowing down to worship the devil would do the trick.

My! How many there are today who are selling their souls to the devil just to achieve some selfish ambition. Not so with Jesus! "Get thee behind me, Satan; for it is written, thou shalt worship the Lord thy God, and Him only shalt thou serve." Jesus would render no homage to the devil. He worshipped only God. How about you, my friend?

III TEMPTATION THROUGH PRESUMPTION (V. 9-12)

Jesus was ready to begin his public ministry. No doubt, he had given some thought as to just what means he should use to attract the people. Here the old devil is tempting Jesus at that very point. Satan took Jesus up to Jerusalem at the top of a high pinnacle in the center of the court. Many people were there. Satan reasoned that if Jesus were the Son of God that he should prove it to the people by jumping off this high pinnacle. Prove to them that the angels would bear him up and not permit his foot to be dashed against the stone. It was an attempt to get Jesus to try his faith.

Jesus lived by faith. He could actually have jumped from the pinnacle, and the angels would have borne him up. This power, however, would have come from God, and not from Satan. If Jesus had yielded at this point, he would have been yielding to the devil.

CONCLUSION — Jesus was to attract the people. He was to "draw all men unto him." However, it was not to be done by yielding to the appetite of the flesh, nor to selfish ambition, nor to presumption. He was to attract

First Baptist
Pastor, R. J. Morman
Bible school 9:30 a. m.; Ed Brantley, supt.
Morning worship service (broadcast on WEBQ) 10:45.
Training Union 6 p. m.; Ed M. Creek, director.
Evening worship service 7:00. Baptismal service to follow the preaching service.
Midweek prayer service Wednesday 7:30 p. m.
